BRIEF ABSTRACT OF LETTER.

States that the allotment of Rs 5000 sanctioned in G.O. No R 5163-5/Agri 79-03-3 d/ 8-3-11 has been distributed to the districts, points out the inconvenience in getting the tanks completed by the ryots unaided and states that if additional grants are made, they will be suitably allotted to the districts.

NOTES AND ORDERS.

In Govt order d/ 8-3-11 it was ~~insisted~~ pointed out that the ryots should be made to restore incomplete tanks unaided as otherwise their spirit of self-reliance would be weakened. It is now pointed

out that in the Tumkur & Mysore districts restoration of tanks are undertaken under Contract System & it is not easy to have the ~~c~~ Contracts Cancelled. The Dy. Comrs of Mysore & Tumkur ask for Rs 9140 & 5000 respectively. The Dy. Comr of Hassan asks for Rs 1032 and says that the ryots' share of cash-work cannot a time be apportioned & that the value of work remaining to be done is very Small.

D.C.'s may be particularly requested to have these advances adjusted very early. Perhaps it would be better to get quarterly Stts of advances remaining unadjusted from the Ryots as a spur to their action. (Secy) 13.5.11

Circular No. 6943-57/Gr.I. 2578-86 dated 26th May 1909 from the Comptroller, Mysore Government, to the Deputy Commissioners of Districts.

-:o:0(:0:)0:o:-

Some of the Deputy Commissioners having expressed a doubt as to the manner of accounting for the sums drawn for making advances to ryots for earthwork to minor tanks, sanctioned in Government Order No. R.2541-51, dated 31st October 1908, the question was referred to the Revenue Commissioner, who, in his letter No.10253 of the 5th April 1909, intimates that the work is done neither by the Revenue nor the Public Works Department, but by ryots themselves, who, under special circumstances, such as those referred to in Government Order No. R.5241-61/Agri.626-03-6, dated 15th December 1904, are aided with a loan of Government Funds.

It should be understood that the provision sanctioned in the above Government Order is intended to be utilized either for the cost of earthwork carried out by Government on behalf of the ryot and recovered from him, or for cash advances to the ryot~~s~~ when he undertakes to do the work. From ~~the~~ Government Orders Nos. 13332-42/Agri.29-05-11, dated 14th April 1906, and R.14-25/Agri.79-07-4, dated 1st July 1908, it will be seen that the work is carried out by Government when the ryot has neglected to attend to it, and cash advances are made to him when he is not in a position to do his share of the work. It will be entirely within the discretion of the Revenue Authorities to make cash advances, and it will be for them to decide whether any portion of the provision sanctioned by Government should be utilised for the one or the other.

IF

If the work is done through Government Agency, the cost of the work will be adjusted in the manner prescribed in Government Order No. R.13332-42/Agri.29-05-11 dated 14th April 1906. This Office will, on the charge being passed on to the Civil Department, debit it to "CONTRIBUTION for Works recoverable from ryots" and credit the amount recovered to the same head. If cash advances are made to the ryots, the amounts advanced will be charged to a New Head "Advances to ryots for earthwork to minor tanks" under Civil Debt Head 28 Miscellaneous Advances, and the Deputy Commissioners will maintain a register in the marginally noted form for these advances, and send extracts therefrom monthly to this office to enable it to watch the recoveries. The Deputy Commissioner should see that the sum total of the cost of the work, if any, undertaken by Government and cash advances made to ryots does not exceed the allotment made for his District out of the provision sanctioned by Government.

Revenue Commissioner in Mysore.

To

The Secretary to the Government of
His Highness the Maharaja of Mysore,
General & Revenue Departments.

SIR,

With reference to Government Proceedings No.R.5163-5/agr. 79-10-3 dated 8th March 1911, sanctioning with certain observations, an allotment of Rs 5000/- for granting advances during the current year to ryots for executing earthwork under the minor Tanks Restoration Scheme, I have the honor to state the observations of Government were communicated to the Deputy Commissioners in this office Circular No.9859-66 dated 24th March 1911, and they were requested to submit revised lists of works in respect of which advances would be permissible under the said order. The Deputy Commissioners of Mysore and Tumkur Districts have in reply reported that ~~about~~ almost all the incomplete works have been given out on contract, as they were started in connection with the distress of the year 1908-09, that there is some difficulty in cancelling the contracts now, and that to leave the works to the ryots themselves at this stage would render the funds already spent upon the works a waste. These Deputy Commissioners request therefore that the funds necessary for completing the works (viz, Rs. 9140 for Mysore, and Rs 5000 for Tumkur) may be sanctioned. The Deputy Commissioner Hassan District states that there is hardly time to apportion the ryots' share of the work remaining to be done and get it executed by them, and that the value of work remaining to be done is very small in many cases, and requires an allotment of Rs 1032 for completing the works. Under these circumstances I have distributed the allotment of Rs 5000 sanctioned by

Government as shewn in the margin. The amounts required by the Deputy Commissioners in excess of what is sanctioned now will be allotted, if Government are pleased to grant additional funds.

Docket No.166 dated 30th March 1911 from the Deputy Commissioner of the Tumkur District to the Revenue Commissioner in Mysore.

-0:&&&:0-

With reference to his circular No.9859-66 of 24/27th instant forwarding copy of Government Proceedings No.R.5163-5/Agri.79-10-3 dated 8th instant sanctioning an allotment of only Rs 5000/- for granting advances to ryots for Earthwork to unrestored minor Tanks during the current year, undersigned has the honor to forward herewith a list of tanks for which earthwork is still to be done. All these works have been given out on contract and paid for on bills received from Amildars after check-measurement. A total expenditure of Rs 19644-6-4, has thus been incurred up to date from 1908-09 of which a sum of Rs 954-14-1 has been paid during the current year only. up to the end of February 1911. Unless these works are completed early (both earthwork and stone and masonry work) by Government agency, the outlay already incurred on them is likely to prove a waste.

In these circumstances undersigned requests that the amount applied for in this office docket No.18/mt dated 5/6th August 1910 (viz Rs 5000/-) may be allotted to this District.

Steps are being taken for the early recovery of the amounts due from the ryots and a separate report will be submitted on this matter.

For Deputy Commissioner

Letter No.721 dated 20th April 1911 from the Deputy Commissioner of the Mysore District to the Revenue Commissioner in Mysore.

With reference to your No.9859-66 dated the 24th ultimo forwarding copy of Government Order No.R.5163-5/agri.79-10-3 dated 8-3-11 in the matter of granting fresh allotment for earthwork to unrestored minor tanks, I have the honor to state that the orders of Government have been communicated to the Amildars of Taluks with directions to get all incomplete works completed by the ryots themselves without Government aid. A list of incomplete works under the head 'earthwork to unrestored minor tanks' has been submitted to you with my letter No.121/mt dated 6-8-10. The works have been without exception let out under the petty contract system, and there is some difficulty in cancelling the contracts now, as it is likely that the contractors will be subjected to some loss in shape of advances granted by them to their coolies and work-men. The Government share of works to these tanks are also being operated upon and in the case of some tanks have also been completed. To leave the ryots' share of works for completion by the ryots themselves at their convenience, would result in the amounts paid out of provincial funds being a waste as the ryots may not after all do the work. I therefore propose that the grants as applied for in my letter No.121/mt dated 6-8-10 be placed at my disposal and the works permitted to be completed by Departmental agency.

Letter No.452/R dated 6th April 1911 from the Deputy Commissioner of the Hassan District to the Revenue Commissioner in Mysore.

Adverting to your circular No.9859-66 dated 24th ultimo forwarding copy of Government Order No.R.5163-5/agri.79-10-3 dated 8th March 1911, sanctioning Rs 5000/- for advances to ryots towards earthwork to unrestored minor tanks, and requesting that a list of tanks for which advances may have to be granted may be furnished &c, I have the honor to enclose a statement showing the incomplete works requiring appropriations during the current official year.

2. It may be observed from the statement that a sum of Rs 1032 (including Rs 107/- already paid towards Kirisave tank work) is required to complete these works during the current official year.

3. With regard to the instructions conveyed in the Government order to get the remaining earthwork completed by the ryots themselves, I beg to submit that there is hardly thsee months prior to close of the current official year and in view of the cultivation season fast approaching, it would be difficult to apportion each ryot's remaining share in each of the tank works referred to in the statement and get the same executed by each ryot concerned. Moreover, in several instances (vide items 1,2,7 8 and 9 of the statement) the earthwork to be executed is very small as may be observed from the remaining amounts of allotment required therefor.

4. In the above circumstances I request that you will be so go as to allot to this District the small amount of Rs 1032/- required to complete the remaining portion of the works.

5. As regards the recovery of the advances referred to in para 3 of the circular under reply, I beg to state that the required information has been called for from the Amildars of the Taluks concerned and on receipt of their reports a further communication will be addressed to you.

Enclosure No. 2.

SUBJECT.

Submitting copy of letter from the Deputy Commissioner, Kadur District, forwarding a list of works in connection with earthwork to unrestored tanks in respect of which advances may have to be granted in accordance with the Government order.

Caxton Press, Bangalore, 2000—6—10.

Letter No.434 dated 3/9th May 1911, from the Deputy Commissioner, ~~xx xhx~~ Kadur District, to the Revenue Commissioner in Mysore.

With reference to your Circular No.9859-66 dated the 24/27th March 1911, requesting that a list of tanks in respect of which advances may have to be granted in accordance with Government Order No.R.5163-5/Agri.79-10-3 dated the 8th idem, ~~m~~ may be submitted including ~~xx~~ in the list only such works as are of a very urgent nature, I have the honor to state that as required in your circular Memo No.1088-95 dated the 22nd/25th July 1910 on the same subject, I sent up direct to the Comptroller a list of incomplete works under unrestored tanks as they stood on the 30th June 1910. I enclose herein a copy of that list adding in it under fresh columns 9 and 10 such further information as is required by your circular of the 24th March under reference.

2. It will be seen that while sending the list to Comptroller a sum of Rs.900/- was shown in column 8 as being required for the year 1910-11 to complete the incomplete ~~the~~ works. As, however, only works Nos.1 and 4 come within the purview of the Government Order of the 8th March 1911, a grant of Rs.678/- is necessary for these works for the current year.

3. I beg to add that out of Rs.1,271/- spent on the works referred to in the statement till the end of 1910-11, a sum of R Rs.921-4-7 has already been recovered from the ryots, and that steps will be taken for the early recovery of the balance.

No. R6978-9

Dated. 28-6-11

1. Under the circumstances now reported Govt are pleased to sanction an addl allotment of Rs 11,000 for granting advances for ~~executing~~ completing earthwork & unrestored minor Tanks. The Rev Commr is requested to distribute the allotment strictly in ~~strict~~ accordance with the require-ments of the respective Dy Commrs.

2. Govt ~~observe~~ learn that there is a great deal of slackness in the recovery of these

advances from the ryots. The Rev Commr is requested to issue Special instructions to the Rev-Officers ~~for collecting~~ in regard to the recovery of the advances without delay as they fall due and to prevent as ~~much as possible as otherwise~~ any accumulation of arrears which is detrimental to the interests both of the Collr as well as of would cause ~~great trouble &~~ the ryots ~~& Govt as well~~.

3. The Dy Commrs should also be directed to forward to the Comptroller along with the monthly Statement of recoveries, a plus + minus memorandum showing the detail of recoveries & outstandings in respect of the advance for earthwork to unrestored minor Tanks.

4. The report regarding recoveries in the several Dts called for in the Order read above should be subd soon after the close of the current offl year — CSB
